1.1 What is the LUCAN website?

LUCAN (Lucknow University Covid-19 Awareness Navigator) website is a web portal, powered by SDI FoET Lucknow University, aimed to connect people and health services in our fight against Covid-19.

LUCAN empowers the user by providing information regarding Covid-19, various guidelines and contact details of important services.

LUCAN वेबसाइट क्या है?

LUCAN (लखनऊ यूनिवर्सिटी कोविड-19 अवेयरनेस नेविगेटर) वेबसाइट SDI FoET, लखनऊ विश्वविद्यालय द्वारा बनाया गया एक वेब पटल है, जिसका उद्देश्य कोविड-19 के खिलाफ चल रही मानवता की लड़ाई में आम लोगों और स्वास्थ्य सेवाओं को जोड़ना है।

LUCAN कोविड-19 सम्बन्धी दिशानिर्देशों और महत्वपूर्ण सेवाओं के संपर्क विवरण के बारे में जानकारी प्रदान करके उपयोगकर्ता को सशक्त बनाता है।

1.2 Why should we use LUCAN website?

- It helps spread awareness.
- It helps provide contact details of necessary services.
- Protects you and the community from Covid-19.
- It contains relevant health advisory and support at hand.
- It contains important statistics regarding the growth of Covid-19 in India.
- It provides notices and guidelines released by government authorities.

LUCAN वेबसाइट का उपयोग क्यों करें?

- यह जागरूकता फैलाने में सहायक है।
- यह आवश्यक सेवाओं का संपर्क विवरण प्रदान कर उनसे जुड़ने में सहायक है।

- यह आपको और आपके समुदाय को कोविद-19 के खतरे से बचाता है।
- यह प्रासंगिक स्वास्थ्य सम्बन्धी सलाह और संबल उपलब्ध कराता है।
- यह कोविद-19 के भारत में बढ़ते कदम सम्बन्धी आंकड़े प्रदान करता है।
- यह सरकारी अधिकारियों द्वारा जारी नोटिस और दिशानिर्देश आप तक पहुँचाता है।

1.3 How many languages does LUCAN website support?

LUCAN website supports 02 languages (Hindi and English).

LUCAN वेबसाइट कितनी भाषाओं में उपलब्ध है?

LUCAN वेबसाइट हिंदी और अंग्रेजी भाषा में उपलब्ध है।

Corona Virus Disease (COVID-19)

Coronavirus disease (COVID-19) is an infectious viral disease caused by a relatively new virus. The disease causes respiratory illness (just like the seasonal viral flu) with symptoms such as a cough, fever, and in more severe cases, difficulty in breathing. One can protect oneself by washing their hands frequently for at least 20 seconds, avoid touching your nose and face unnecessarily, and avoid coming in close contact (1 meter or 3 feet) with a person who has tested positive.

Covid-19 SYMPTOMS

COUGH FEVER TIREDNESS

BREATHING DIFFICULTY

PERSISTENT CHEST PAIN SORE THROAT

DIARRHOEA

A person affected by Coronavirus may take 1 to 14 days before developing viral flu-like symptoms. Older people, and people with other medical conditions (such as asthma, diabetes, or heart disease), maybe more vulnerable to this virus and fall severely ill. People with fever, cough or difficulty in breathing should immediately contact their doctor and seek urgent medical attention without coming into contact with anyone other than medical personnel.

PREVENTION FROM Covid-19

In order to prevent Covid-19, the World Health Organization recommends the following precautions:

- ✓ Wash your hands regularly for 20 seconds, with soap and water or alcohol-based hand rub.
- ✓ Cover mouth and nose while coughing and sneezing.
- ✓ Stay home and avoid close contact.
- ✓ Self-isolate from others in the household if you feel unwell.
- ✓ Do not touch your eyes, nose, or mouth if your hands are not clean.
